

The Egg Ergo Mouse Pad

 BAKKER ELKHUIZEN

Work Smart - Feel Good

Cold mouse hand? No more!

The Egg Ergo Mouse Pad prevents physical complaints and feels warm to the touch.

Its egg shape follows a natural mousing pattern so that your mouse stays on the mat.

Tables are often cold and cause poor circulation in one's hand and wrist. Research has shown that a large insulated mouse pad prevents a cold "mouse hand" and therefore contributes to extra comfort (Eline M. Meijer - Coronel Institute of Occupational Health).
