

# Basic 952

foot rest foot-adjustable

 BAKKER ELKHUIZEN

Work Smart - Feel Good

Be comfortable at work, from head to toe

The Basic 952 ergonomic footrest enables a correct sitting posture for users who can't sit with their feet flat on the floor when the rest of the desk set-up is correct.

This footrest has a broad height range and can be easily adjusted with the foot pedal.

A footrest can help out when the desk is not properly height-adjustable. A good footrest prevents the pinching off of the bloodstream and can help encourage a healthy body posture.

**Ergonomic:** height adjustable (2.25 - 10.5 Inches) and adjustable angle provides stable support for the feet.

**Comfortable:** contoured foot platform to minimize slip.

**Adjustable:** easy to adjust with feet.
