Pro 952 Footrest

BAKKER ELKHUIZEN

A solid, compact design

Work Smart - Feel Good

The Pro 952 is in the same series as the Pro 959. The footrest helps ensure proper seated posture when working behind a screen, supporting the feet rather than letting them dangle.

This footrest combines the easy of use from the Pro 959 with the compact design of the Pro 952.

"A footrest keeps the blood vessels in your legs from becoming pinched and helps you improve your posture at work.

User friendly: adjust the height with 1 foot.

Convenient: anti-slip base.

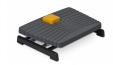

Design: solid and compact.

Height: adjustable height from 8-30 cm.

Angle: adjustable to 90 degrees.
