

Q-riser 110

The latest model

 BAKKER ELKHUIZEN

Work Smart - Feel Good

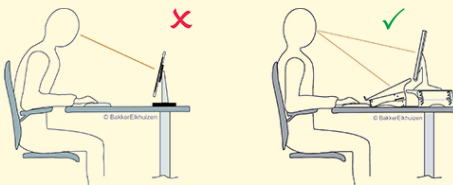

Adjust your screen to the correct viewing height.

The Q-riser 110 and Q-riser 50 are the latest additions to the BakkerElkhuizen range of monitor stands.

The Q-riser 110 enables you to position your screen at the correct viewing height. This prevents overburdening of the neck and shoulder muscles.

We advise having a screen that can easily be adjusted and tilted so that every user can adjust its height.

Practical: can be adjusted to 2 heights (7.5 cm and 10.5 cm).

Ergonomic: this stand enables you to obtain the correct working height easily.

Cable management: your monitor cord is neatly stowed.

Design: Dutch design & made in Holland

Material: clear acrylic

Load capacity: maximum 8,5 kg.
