

# Q-riser 130

height adjustable monitor stand

 BAKKER ELKHUIZEN

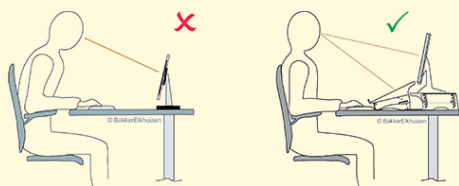

*Work Smart - Feel Good*

## Puts the monitor at a comfortable working height

The Q-riser 130 monitor stand prevents neck and shoulder strain and optimizes reading comfort.

It's range of height settings makes it the perfect tool for achieving perfect monitor height for all employees.

An optimum monitor position leads to lower discomfort and complaints involving the neck (Kumar 1994 McKinnon 1994, Marcus 2002). Positioning the monitor too low can lead to heightened flexion of the neck and increased muscle tension. A screen position that is too high can also lead to problems.
