

# WORK&MOVE Desk Connector

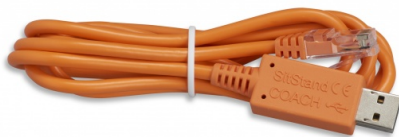

Desk Connector

 BAKKER ELKHUIZEN

*Work Smart - Feel Good*

## The link between the table and the software

With the WORK & MOVE Desk Connector you can connect between an electric sit-stand desk (like the BakkerElkhuizen InnoDesk) and the WORK & MOVE software.

This Desk Connector (USB) offers you the possibility to operate an electric sit-stand desk from your keyboard.

When a sit-stand desk is used correctly there are many health and productivity benefits, including a significant reduction in the risk of developing chronic conditions such as diabetes and heart diseases.
