

SAFETY DATA SHEET

SECTION 1: Identification of the substance/mixture and of the company/undertaking

| 1.1. Product identifier | | |
|--|---|--|
| Trade name or designation of the mixture | F9K06Series | |
| Registration number | - | |
| Synonyms | None. | |
| Issue date | 11-Jun-2016 | |
| Version number | 06 | |
| Revision date | 11-Oct-2018 | |
| Supersedes date | 27-Jun-2018 | |
| 1.2. Relevant identified uses of | f the substance or mixture and uses advised against | |
| Identified uses | Inkjet printing. | |
| Uses advised against | None known. | |
| 1.3. Details of the supplier of th | he safety data sheet | |
| | HP PPS Austria GmbH | |
| | Wienerbergstrasse 41, 3rd Floor | |
| | Wien, Austria 1120 | |
| Telephone | +43 (1) 81118-0000 | |
| HP Inc. health effects line | | |
| (Toll-free within the US) | 1-800-457-4209 | |
| (Direct) | 1-760-710-0048 | |
| HP Inc. Customer Care | | |
| Line | | |
| (Toll-free within the US) | 1-800-474-6836 | |
| (Direct) | 1-208-323-2551 | |
| Email: | hpcustomer.inquiries@hp.com | |
| 1.4 Emergency telephone number | +43 (1) 406 43 43 | |

SECTION 2: Hazards identification

2.1. Classification of the substance or mixture

Classification according to Regulation (EC) No 1272/2008 as amended

This mixture does not meet the criteria for classification according to Regulation (EC) 1272/2008 as amended.

2.2. Label elements

Label according to Regulation (EC) No. 1272/2008 as amended

| Contains: | 1,2-Benzisothiazolin-3-one, 2-methyl-2h-isothiazol-3-one, Diethylene glycol, Water |
|--------------------------------|--|
| Hazard pictograms | None. |
| Signal word | None. |
| Hazard statements | The mixture does not meet the criteria for classification. |
| Precautionary statements | |
| Prevention | Not available. |
| Response | Not available. |
| Storage | Not available. |
| Disposal | Not available. |
| Supplemental label information | Contains 1,2-Benzisothiazolin-3-one and 2-Methyl-2H-isothiazol-3-one. May produce an allergic reaction. |
| 2.3. Other hazards | Complete toxicity data are not available for this specific formulation. |
| | Potential routes of overexposure to this product are skin and eye contact. Inhalation of vapor and ingestion are not expected to be significant routes of exposure for this product under normal use conditions. |

Material name: F9K06Series

SECTION 9: Physical and chemical properties

9.1. Information on basic physical and chemical properties Appearance

| Appearance | |
|--|-------------------------|
| Physical state | Not available. |
| Form | Not available. |
| Color | Red |
| Odor | Not available. |
| Odor threshold | Not available. |
| рН | 8 - 10 |
| Melting point/freezing point | Not available. |
| Initial boiling point and boiling range | Not available. |
| Flash point | > 230.0 °F (> 110.0 °C) |
| Evaporation rate | Not available. |
| Flammability (solid, gas) | Not available. |
| Upper/lower flammability or exp | losive limits |
| Flammability limit - lower (%) | Not available. |
| Flammability limit - upper (%) | Not available. |
| Vapor pressure | Not available. |
| Vapor density | Not available. |
| Solubility(ies) | |
| Solubility (water) | Not available. |
| Partition coefficient (n-octanol/water) | Not available. |
| Auto-ignition temperature | Not available. |
| Decomposition temperature | Not available. |
| Viscosity | Not available. |
| Explosive properties | Not available. |
| Oxidizing properties | Not determined |
| 9.2. Other information | |
| Specific gravity | 1 - 1.1 |
| VOC | < 174 g/L |
| | |

SECTION 10: Stability and reactivity

| 10.1. Reactivity 10.2. Chemical stability | Not available. Stable under recommended storage conditions. |
|--|--|
| 10.3. Possibility of hazardous reactions | None known. |
| 10.4. Conditions to avoid | Not available. |
| 10.5. Incompatible materials | Incompatible with strong bases and oxidizing agents. |
| 10.6. Hazardous decomposition products | Upon decomposition, this product may yield gaseous nitrogen oxides, carbon monoxide, carbon dioxide and/or low molecular weight hydrocarbons., fluorinated hydrocarbons and hydrogen fluoride. |

SECTION 11: Toxicological information

| Other information | This Safety Data Sheet complies with the requirements of Regulation (EU) 2015/830. |
| | Classification according to Regulation (EC) No 1272/2008 as amended. Specific Provisions: Regulation (EC) No 1907/2006 of the European Parliament and of the Council concerning the Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH), establishing a European Chemicals Agency, amending Directive 1999/45/EC and repealing Council Regulation (EEC) No 793/93 and Commission Regulation (EC) No 1488/94 as well as Council Directive 76/769/EEC and Commission Directives 91/155/EEC, 93/67/EEC, 93/105/EC and 2000/21/EC (in the amended version OJ L 396 from 29.05.2007 page 3 with further rectifications and |

assessment

amendments).

SECTION 16: Other information

| SECTION 16: Other Inform | mation |
|---|--|
| References | Regulation (EC) No. 1907/2006 of December 18, 2006 concerning the Registration, Evaluation, Authorization and Restriction of Chemicals (REACH) and establishing a European Chemicals Agency (REACH). |
| | Regulation (EU) 2015/830 of May 28, 2015 amending Regulation (EC) No. 1907/2006. |
| | Regulation (EC) No. 1272/2008 of December 16, 2008 on classification, labeling and packaging of substances and mixtures, and amendments (CLP). |
| Information on evaluation method leading to the classification of mixture | The classification for health and environmental hazards is derived by a combination of calculation methods and test data, if available. |
| Full text of any H-statements not written out in full under | |
| Sections 2 to 15 | H301 Toxic if swallowed. H302 Harmful if swallowed. H311 Toxic in contact with skin. H314 Causes severe skin burns and eye damage. H315 Causes skin irritation. H317 May cause an allergic skin reaction. H318 Causes serious eye damage. H330 Fatal if inhaled. H335 May cause respiratory irritation. H400 Very toxic to aquatic life. |
| Revision information | None. |
| Training information | Follow training instructions when handling this material. |
| Disclaimer | This safety data sheet is meant to convey information about HP inks (toners) provided in HP Original ink (toner) supplies. If our Safety Data Sheet has been provided to you with a refilled, remanufactured, compatible or other non-HP Original supply please be aware that the information contained herein was not meant to convey information about such products and there could be considerable differences from information in this document and the safety information for the product you purchased. Please contact the seller of the refilled, remanufactured or compatible supplies for applicable information, including information on personal protective equipment, exposure risks and safe handling guidance. HP does not accept refilled, remanufactured or compatible supplies in our recycling programs. This Safety Data Sheet document is provided without charge to customers of HP. Data is the most current known to HP at the time of preparation of this document and is believed to be accurate. It should not be construed as guaranteeing specific properties of the products as described or suitability for a particular application. This document was prepared to the requirements of the jurisdiction specified in Section 1 above and may not meet regulatory requirements in other countries. |

| TLV | Threshold Limit Value |
| TSCA | Toxic Substances Control Act |
| VOC | Volatile Organic Compounds |

Safe Use of Mixture Information (SUMI)

Water Based Ink: WB01 *English*

Disclaimer

This SUMI is a generic document for communicating conditions of safe use of a product in response to the REACH obligation. This document relates only to conditions of safe use and is not specific to a product. By adding this SUMI to a specific product SDS, the importer/formulator declares that the mixture can safely be used following the instructions below. Following occupational health legislation, the employer of workers remains responsible for communicating relevant use information to employees. When developing workplace instructions for employees, SUMI Sheets should always be considered in combination with the SDS and the label of the product. Derived No Effect Levels (DNEL) and Predicted No Effect Concentration (PNEC) values of substances derived from the Chemical Safety Assessment (CSA) will be given in section 8 of the SDS.

The REACH registration number(s), where applicable, completes an extended product SDS.

| , , , , , , , , , , , , , , , , , , , | 3, where upplicable, completes an extended product 3D3. | |
|--|--|--|
| Operational conditions | | |
| Maximum duration | Up to 8 hours per day | |
| Frequency of exposure | < 240 days per year | |
| Process conditions | Covers use at ambient temperatures. Adequate ventilation should be provide for the areas where printing is performed. ANSI/ASHRAE Standard 62.1-2013 provides guidelines to ensure acceptable air quality in the workspace. Avoid direct contact. Regular cleaning of equipment and work area. Supervision in place to check that Risk Management Measures are in place are being correctly used and Operational Conditions | |
| | followed. | |
| Risk management measures | | |
| Conditions and measures | Wear safety glasses with side shields (or goggles), if splashing is possible. | |
| related to Personal Protection | | |
| | Wear appropriate chemical resistent gloves: see section 8 of the SDS. | |
| Equipment, hygiene and | Wear appropriate chemical resistent clothing. | |
| health evaluation | In case of inadequate ventilation wear respiratory protection. | |
| | Eye wash fountain and emergency showers are recommended. | |
| | Avoid breathing mist/vapours. | |
| | Avoid contact with skin, eyes and clothing. | |
| | Training of workers in relation to proper use and maintenance of all Personal protection equipment (PPE) must be ensured. | |
| | | |
| Good practice advice | | |
| Use personal protective equipme | ent as required. | |
| Wash hands before breaks and a | after work. | |
| Keep good industrial hygiene and | d safety practice. | |
| Use only with adequate ventilati | | |
| Do no eat, drink or smoke when | | |
| Wash contaminated clothing be | | |
| Store at room temperature. | | |
