

LOGITECH STREAMCAM

SHARE YOUR PASSION WITH THE WORLD.

Take your content to the next level or share your passion for the first time with Logitech StreamCam. Featuring smooth, accurate 1080p at 60 fps video and support for full HD vertical capture, it's the perfect camera for Twitch, YouTube, Facebook, Instagram stories, or anywhere else you broadcast content. AI facial tracking autofocus and exposure and versatile mounting options ensure you're always seen in your best light and at the perfect angle. Premium audio performance guarantees you sound vibrant and authentic to your audience at all times. Plus, advanced Logitech Capture software lets you create content with multiple cameras, text overlays, scene transitions and other professional studio controls.
