

Revision Date : 7.November 2016 Date of first issue : 1. April 2008 SDS Number : F-01616(AU\_EN)

### SECTION 1: Identification of the substance/mixture and of the company/undertaking

1.1	Product	identifier

Trade name : MX-31GTCA

#### 1.2 Relevant identified uses of the substance or mixture and uses advised against

Use of the Substance/Mixture : Reprographic agents (Toner)

### 1.3 Details of the supplier of the safety data sheet

Company : SHARP Corporation of Australia Pty Ltd.

- 2 Julius Avenue North Ryde NSW 2113
- Telephone : 1300-13-50-22

### **1.4 Emergency telephone number**

1300-13-50-22

# **SECTION 2: Hazards identification**

### 2.1 Classification of the substance or mixture

# Classification (WHS REGULATION)

Not Classified as hazardous

### 2.2 Label elements

### Labelling (WHS REGULATION)

Hazard pictograms	: None
Signal word	: None
Hazard statements	: None
Precautionary statements	: None

#### 2.3 Other hazards

Potential dust explosion hazard.

# **SECTION 3: Composition/information on ingredients**

### 3.2 Mixtures

## Components

Chemical Name	CAS-No.	Concentration (%)
Polyester resin	Confidential	80-90
Organic pigment	Confidential	1-10
Paraffin waxes and Hydrocarbon waxes	8002-74-2	1-5
Amorphous silica	7631-86-9	1-5

Revision Date: 7.November 2016Date of first issue: 1. April 2008SDS Number: F-01616(AU\_EN)

SECTION 4: First aid measures		
4.1 Description of first aid measures		
General advice	: In the case of accident or if you feel unwell, seek medical advice immediately.	
	When symptoms persist or in all cases of doubt seek medic	al advi
Protection of first-aiders	: First Aid responders should pay attention to self-protection,	
	and use the recommended personal protective equipment	
	when the potential for exposure exists.	
If inhaled	: If inhaled, remove to fresh air.	
	If not breathing, give artificial respiration.	
	If breathing is difficult, give oxygen.	
	Get medical attention.	
In case of skin contact	: Remove contaminated clothing and shoes.	
	Get medical attention if irritation develops and persists.	
	Wash clothing before reuse.	
	Thoroughly clean shoes before reuse.	
In case of eye contact	: If in eyes, rinse well with water.	
	Get medical attention if irritation develops and persists.	
If swallowed	: If swallowed, Get medical attention.	
If swallowed	: If swallowed, Get medical attention. Rinse mouth thoroughly with water.	
If swallowed 4.2 Most important symptoms and effect	Rinse mouth thoroughly with water.	
	Rinse mouth thoroughly with water.	
4.2 Most important symptoms and effer Risks	Rinse mouth thoroughly with water.	
4.2 Most important symptoms and effer Risks	Rinse mouth thoroughly with water. <b>ts, both acute and delayed</b> : Dust contact with the eyes can lead to mechanical irritation.	
4.2 Most important symptoms and effe Risks 4.3 Indication of any immediate medica	Rinse mouth thoroughly with water. <b>ts, both acute and delayed</b> : Dust contact with the eyes can lead to mechanical irritation. <b>attention and special treatment needed</b>	
<ul> <li>4.2 Most important symptoms and effect Risks</li> <li>4.3 Indication of any immediate medica Treatment</li> <li>SECTION 5: Firefighting measures</li> </ul>	Rinse mouth thoroughly with water. <b>ts, both acute and delayed</b> : Dust contact with the eyes can lead to mechanical irritation. <b>attention and special treatment needed</b>

<ul> <li>4.2 Most important symptoms and efferences</li> <li>Risks</li> <li>4.3 Indication of any immediate medical Treatment</li> <li>SECTION 5: Firefighting measures</li> <li>5.1 Extinguishing media</li> <li>Suitable extinguishing media</li> <li>Unsuitable extinguishing media</li> <li>5.2 Special hazards arising from the suitable</li> </ul>	Rinse mouth thoroughly with water.         ts, both acute and delayed         : Dust contact with the eyes can lead to mechanical irritation.         attention and special treatment needed         : Treat symptomatically and supportively.         : Water spray         Alcohol-resistant foam         Dry chemical         Carbon dioxide (CO2)         : High volume water jet         . Do not use a solid water stream as it may scatter and spread	  d fire.

	Revision Date : 7.November 2016 Date of first issue : 1. April 2008
	SDS Number : F-01616(AU_EN)
5.3 Advice for firefighters	
Special protective equipment for firefighters:	In the event of fire, wear self-contained breathing apparatus.
	Use personal protective equipment.
Specific extinguishing methods :	Use extinguishing measures that are appropriate to local
	circumstances and the surrounding environment.
	Use water spray to cool unopened containers.
	Remove undamaged containers from fire area if it is safe to
	do so. Evacuate area.
5.4 Hazchem Code :	None

# **SECTION 6:** Accidental release measures

6.1 Personal precautions, protective equipment and emergency procedures		
Personal precautions :	Use personal protective equipment.	
	Follow safe handling advice and personal protective	
	equipment recommendations.	
6.2 Environmental precautions		
Environmental precautions :	Discharge into the environment must be avoided.	
	Prevent further leakage or spillage if it is safe to do so.	
	Retain and dispose of contaminated water.	
	Local authorities should be advised if significant spillages	
	cannot be contained.	

## 6.3 Methods and material for containment and cleaning up

Methods for cleaning up	:	Sweep up or vacuum up spillage and collect in suitable
		container for disposal.
		Avoid dispersal of dust in the air (i.e., clearing dust surfaces
		with compressed air).
		Dust deposits should not be allowed to accumulate on
		surfaces, as these may form an explosive mixture if they are
		released into the atmosphere in sufficient concentration.
		Local or national regulations may apply to releases and
		disposal of this material, as well as those materials and items
		employed in the cleanup of releases.
		You will need to determine which regulations are applicable.
		Sections 13 and 15 of this SDS provide information regarding
		certain local or national requirements.

Revision Date : 7.November 2016 Date of first issue : 1. April 2008 SDS Number : F-01616(AU\_EN)

<b>SECTION 7: Handling and stora</b>	ge
7.1 Precautions for safe handling	
Technical measures	: Static electricity may accumulate and ignite suspended dust
	causing an explosion.
	Provide adequate precautions, such as electrical grounding
	and bonding, or inert atmospheres.
Advice on safe handling	: Do not breathe dust. Do not swallow. Avoid contact with eyes
	Handle in accordance with good industrial hygiene and safety
	practice. Keep container tightly closed.
	Minimize dust generation and accumulation.
	Keep away from heat and sources of ignition.
	Take care to prevent spills, waste and minimize release to the
	environment.
Hygiene measures	: When using do not eat, drink or smoke.
	Wash contaminated clothing before re-use.
7.2 Conditions for safe storage, inc	luding any incompatibilities
Requirements for storage	: Keep tightly closed. Keep in a cool, well-ventilated place.
areas and containers	Be stored in accordance with the particular national regulation
Advice on common storage	: Do not be stored together with the following product types:
	Strong oxidizing agents
	Organic peroxides
	Explosives
	Gases
7.3 Specific end use(s)	
Specific use(s)	: No data available

# 8.1 Control parameters

#### **Occupational Exposure Limits**

Components	CAS-No.	Value type (Form of exposure)	Control parameters	Basis
Paraffin waxes and Hydrocarbon waxes	8002-74-2	TWA (Fume)	2 mg/m3	HSIS
Amorphous silica	7631-86-9	TWA (Respirable dust)	2 mg/m3	HSIS

#### 8.2 Exposure controls

### Engineering measures

Minimize workplace exposure concentrations.

Apply measures to prevent dust explosions.

Revision Date	1	7.November 2016
Date of first issue	:	1. April 2008
SDS Number	:	F-01616(AU EN)

Personal protective equipment	
Eye protection	: Not required under intended use
Hand protection	: Not required under intended use

Skin and body protection Respiratory protection

- Not required under intended useNot required under intended use
- : Not required under intended use

# **SECTION 9: Physical and chemical properties**

9.1 Information on basic physical and chemical properties		
Appearance	:	Powder
Colour	:	Blue
Odour	:	Odourless
Odour Threshold	:	No data available
pH	:	No data available
Melting point/freezing point	:	100 - 130 °C
Initial boiling point and boiling range	:	No data available
Flash point	:	Not applicable
Evaporation rate	:	Not applicable
Flammability (solid, gas)	:	Not classified as a flammability hazard
Upper explosion limit	:	No data available
Lower explosion limit	:	No data available
Vapour pressure	:	Not applicable
Relative vapour density	:	Not applicable
Density	:	ca. 1.2 g/cm3
Bulk density	:	ca. 0.4 g/cm3
Solubility(ies)		
Water solubility	:	negligible
Partition coefficient: n-octanol/water	:	Not applicable
Auto-ignition temperature	:	No data available
Decomposition temperature	:	No data available
Viscosity	:	Not applicable
Explosive properties	:	Not explosive
Oxidizing properties	:	The substance or mixture is not classified as oxidizing.
9.2 Other information		
No data available		

Revision Date: 7.November 2016Date of first issue :1. April 2008SDS Number: F-01616(AU\_EN)

# SECTION 10: Stability and reactivity

10.1 Reactivity		
Not classified as a reactivity hazard.		
10.2 Chemical stability		
Stable under normal conditions.		
10.3 Possibility of hazardous reactions		
Hazardous reactions	:	Dust can form an explosive mixture in the air.
		Can react with strong oxidizing agents.
10.4 Conditions to avoid		
Conditions to avoid	:	None known.
10.5 Incompatible materials		
Materials to avoid	:	Oxidizing agents
10.6 Hazardous decomposition products	;	
No bozordous decomposition products a		known

No hazardous decomposition products are known.

<b>SECTION 11: Toxicological informa</b>	tion	l de la constante de
11.1 Information on toxicological effect	s	
Information on likely routes of exposur	e :	Inhalation
		Skin contact
		Ingestion
		Eye contact
Acute toxicity		
Acute oral toxicity	:	LD50 : > 2000 mg/kg
Acute inhalation toxicity	:	LC50 : > 5.0 mg/l
Skin corrosion/irritation		
No skin irritation		
Serious eye damage/eye irritation		
No eye irritation		
Respiratory or skin sensitisation		
No sensitization		
Germ cell mutagenicity		
AMES	:	negative
Carcinogenicity		
Not classified based on available inform	natio	on.
Reproductive toxicity		
No data available		

Revision Date : 7.November 2016 Date of first issue : 1. April 2008 SDS Number : F-01616(AU\_EN)

		SDS Number	: F-01616(AU_EN)
STOT - single exposure			
No data available			
STOT - repeated exposure			
No data available			
Aspiration toxicity			
Not relevant			
SECTION 12: Ecological informat	ion		
12.1 Toxicity			
Toxicity to fish	: LC50: > 100 mg/l		
	Exposure time: 96 h		
Toxicity to daphnia and other aquati	c : EC50: > 100 mg/l		
invertebrates	Exposure time: 48 h		
Toxicity to algae	: EC50: > 100 mg/l		
	Exposure time: 72 h		
12.2 Persistence and degradability No data available			
12.3 Bioaccumulative potential No data available			
12.4 Mobility in soil			
No data available			
12.5 Other adverse effects			
No data available			
SECTION 13: Disposal consideration	ions		
13.1 Waste treatment methods			
Product	: Dispose of it in accord	dance with local reg	gulations.
Contaminated packaging	: Dispose of it as an un	used product.	
	Empty containers sho	uld be taken to an	approved waste
	handling site for recyc	ling or disposal.	
SECTION 14: Transport informati	on		
14.1 UN number	: None		
14.2 UN proper shipping name	: None		
14.3 Transport hazard class(es)	: None		
14.4 Packing group	: None		
	: None		
14.5 Environmental hazards			

Remarks

: Not applicable for product as supplied.

Revision Date : 7.November 2016 Date of first issue : 1. April 2008 SDS Number : F-01616(AU\_EN)

#### **SECTION 15: Regulatory information**

#### 15.1 Safety, health and environmental regulations/legislation specific for the substance or mixture

All ingredients was listed on the Australian inventory of chemical substances

SECTION 16: Other information			
Full text of other abbreviations			
HSIS	: Hazardous Substances Information System		
TWA	: Long-term exposure limit (8-hour TWA reference period)		
Further information			
Sources of key data used to compile	: Internal technical data, data from raw material SDSs, OE	ECD	

Sources of key data used to complie	:	Internal technical data, data from raw material SDSs, OECD
the Safety Data Sheet		eChem Portal search results and European Chemicals
		Agency,http://echa.europa.eu/

The information provided in this Safety Data Sheet is correct to the best of our knowledge, information and belief at the date of its publication. The information is designed only as a guidance for safe handling, use, processing, storage, transportation, disposal and release and shall not be considered a warranty or quality specification of any type. The information provided relates only to the specific material identified at the top of this SDS and may not be valid when the SDS material is used in combination with any other materials or in any process, unless specified in the text. Material users should review the information and recommendations in the specific context of their intended manner of handling, use, processing and storage, including an assessment of the appropriateness of the SDS material in the user's end product, if applicable.

Date Revised : 7.November 2016
