

# Viper LED Gaming Mouse Pad

The Viper LED Mouse Pad is a perfect compliment to any gaming system and offers gamers the ability to accentuate their desktop with LED lighting. The mouse pad has a low profile, large format design for continuous movement across the largest high resolution monitors. The high performance polymer surface provides a durable, smooth surface to maximize the performance of your high end gaming mouse. The high grip rubber backing covers the entire surface, guaranteeing non-slip performance during intense gaming sessions. The Viper mouse pad features 6 (six) LED lighting zones that provide continuous backlighting around the entire mouse pad. Users may select from 6 (six) different LED lighting effects to customize their gaming setup.

The mouse pad has a USB connector and a controller located on the braided cord. Backed by a 2 year warranty, the Viper LED Mouse Pad offers easy plug and play functionality for seamless compatibility with Windows® 2000/XP/Vista/7/10 and Mac® OS X and higher, and Linux®
